David, attached is the 1-pager on NEAT/IOGCC, as well as an IOGCC Fact Sheet and a copy of the IOGCC MOU (renewed in 2019) that Taim provided as background.

Note that the transition paper states: *Moving forward, it may be appropriate to consider at what level to coordinate energy issues between EPA Headquarters, Regions, federal partners and external entities, namely the Interstate Oil & Gas Compact Commission (IOGCC).*

I've made minor edits to Taim's draft, including adding you as a POC and adding language on the IOGCC task force makeup.
